Skills

Visual design, interaction design & UX research
Figma, Adobe XD, Photoshop, Illustrator & After Effects,
Sketch, InVision, Zeplin, Optimizely, UserZoom, Qualtrics
& Adobe Analytics, Hardware prototyping with Arduino

Design thinking
I am experienced in working in a user centered fashion,
having done user research with Bose, Microsoft and FINN
and having taught design thinking classes at Malmö
University.

Web prototyping and front end development
HTML5, CSS3, Javascript, Node, React.

About me

I'm communicative, eager to learn, a team player,
pay attention to detail and thrive under deadlines.
In my free time I love to participate in hackathons and
work on weekend projects. I love travel, working out,
designing stickers and petting cats.

Accolades

Master's featured on **MEDEA** 🔗 and **Yorokubu** 🔗

Awarded **Knowledge in Practice** award for
bachelor thesis project 🔗
